

# Mideastern Michigan Library Cooperative Work Plan 2019-20

Submitted by Denise Hooks, Director

**Vision Statement:** Continue our commitment to the advancement of library service by assisting all members in providing and delivering valuable, cost effective services to their library communities.

**Preface:** With a new MMLC Director in place, this will be a year of developing relationships with member library directors and setting goals for the next five years through the Strategic Plan revision process. Sustained best practices and the incorporation of new ideas will help guide the cooperative's operational direction for the next several years. A recent member survey indicated that members are highly interested in training on strategic planning, a trustee training retreat, member networking, library funding, and human resource consulting. Cooperative member involvement and commitment to active participation signals a very bright future for MMLC!
